

- MoO encourages Consortia of prequalified companies
- Companies are free to form consortia up to point of bidding
- Only considerations that apply are:
  - Must have qualified Operator for Contract Areas in question
  - Operator must hold at least 30% of Consortium
  - No partner less than 10% of Consortium
  - Companies and their Affiliates may only bid in one consortium on any one Contract Area, but could be in different consortia on other Contract Areas
